

2022 Partnership Drive

2021 was a wonderful yet challenging year, and Alton continues to persevere. We are looking forward to helping our local economy rebound in 2022. Last year, Alton Main Street provided six businesses with grants to enhance their storefronts, attracted visitors to the district for outdoor events like the Alton Farmers' & Artisans' Market and Mississippi Earthtones Festival, and coordinated hundreds of hours of maintenance to improve the aesthetics of Downtown. And it's all thanks to the energy and dedication of supporters like you.

When small businesses and organizations partner with Alton Main Street by investing \$100 or more a year, they fund economic development projects, expand media campaigns, and ensure the continued growth and historic preservation of Downtown Alton. Will you be a part of elevating our efforts in 2022?
